Sri M. V. RAMA RAO.—May I know Sir, whether any loans or grants have been received during the current year up-to-date ?

*Dr. R. NAGAN GOWDA.—Yes, we have received about 54 lakhs for irrigation pump-sets. I do not exactly have the figures for this year.

Sri M. V. RAMA RAO.—What is the total amount received by way of loan approximately ? Is it 54 lakhs or a crore and a half or how much is it this year ?

Dr. R. NAGAN GOWDA.—The question did not include figures for this year, Sir. That is why I do not have exact figures.

Sri M. V. RAMA RAO.—The question is perfectly clear. It did not preclude the giving of information with regard to loans and grants received during the current year. Government have taken pains to give figures for grants and loans received in 1952-53, 1953-54 and whatever has been received for 1954-55 must be within the personal knowledge of the Hon'ble Minister concerned.

Mr. SPEAKER.—The question is no doubt very clear. But the Hon'ble Minister is not in a position to answer.

Sri A. G. RAMACHANDRA RAO.—Figures for the current year, he does not exactly remember and there is no specific question.

Mr. SPEAKER.—The Hon'ble Minister will furnish the reply if you want.

Dr. R. NAGAN GOWDA—So far as irrigation pump-sets are concerned, we are getting 65 lakhs. I am dealing with that.

Sri M. V. RAMA RAO.—May I know Sir, with regard to item 8 of Annexure "B", which are the power projects for financing which sums of hundred lakhs and fifty lakhs have been received in 1952-53 and 1953-54 ?

Dr. R. NAGAN GOWDA.—Notice, Sir.

Sri M. V. RAMA RAO.—Was a sum of hundred lakhs or fifty lakhs lent to the Government of Mysore for financing any particular power project or was it a general loan granted so that the Government might do what it liked with it ?

Dr. R. NAGAN GOWDA.—No, Sir, I do not have that information.

Sri M. V. RAMA RAO.—May I know Sir, whether it is not a fact that this sum of 150 lakhs has been lent to the Government of Mysore for financing the Shimsha Extension Scheme and that the money has been utilised for other purposes ?

Dr. R. NAGAN GOWDA.—It was given for Shimsha.

9 A.M.

Sri M. V. RAMA RAO.—Is it not a fact that this money has not been spent for Shimsha Extension Service Project ?

Dr. R. NAGAN GOWDA.—No, we have not spent for Shimsha extension.

Sri M. V. RAMA RAO.—May I know on what this amount of 150 lakhs has been spent, for what object this amount has been spent ? Has it been spent on electricity development at all or has it been spent on Vidhana Soudha ?

Dr. R. NAGAN GOWDA.—So far as the extension of the project is concerned, we had funds for it. The exact purpose for which this has been spent, I do not have the details now.

Sri M. V. RAMA RAO.—Is the money entirely spent or is it lying with the Government of Mysore ?

Dr. R. NAGAN GOWDA.—It has been spent.

Sri M. V. RAMA RAO.—May I know Sir, whether the Government have made any arrangements such as the creation of a sinking fund for repayment of these funds totalling to six crores of rupees ?

Dr. R. NAGAN GOWDA.—There is a sinking fund, Sir.

Sri M. V. RAMA RAO.—What are the terms upon which most of these loans are granted ? Are they repayable ? If so, in how many instalments and what is the rate of interest ?

Sri A. G. RAMACHANDRA RAO.—Rate of interest we do not know. The usual terms on which Government of India is giving loan, under those identical terms this loan has been taken.

Electricity (augmentation of production)

Q.—379. Sri L. SIDDAPPA (Channagiri).—

Will the Government be pleased to state :—

(*a*) whether it is not a fact that there will not be any power left for the benefit of Mysore hereafter ;

(*b*) how the total output of power from Jog, Sivasamudram and Shimsha is distributed ;

(*c*) how do they propose to meet this contingency ?

A.—Dr. R. NAGAN GOWDA (Minister for Agriculture).—

(*a*) As per the the present load forecast, power will be available for normal development till the end of the year 1955-56.

(*b*)

Name of the Station	*Output (corresponding to peak load condition)*	*Distribution*	
		Within the State	*Outside the State*
1. Sivasamudram ...	20,000 K.W.	111,880 K.W.	3,120 K.W.
2. Simshapura ...	15,000 K.W.		
3. Jog ...	80,000 K.W.		
Total ...	115,000 K.W.		

(*c*) Two schemes—Shimsha and Sharavathi Valley Expansion Schemes—are under contemplation.

ಶ್ರೀ ಎಲ್. ಸಿದ್ದಪ್ಪ.—ಈಗ ಸಂಸ್ಥಾನದಲ್ಲಿ ಇರಿಗೇಷ್ಣ ಪಂಪ್ ಸೆಟ್ಟಿಗೆ ಮತ್ತು ಗ್ರಾಮಾಂತರಗಳಿಗೆ ವಿದ್ಯುಚ್ಛಕ್ತಿ ಒದಗಿಸಲು ಬಂದಿರುವ ಅರ್ಜಿಗಳ ಪ್ರಕಾರ ಎಷ್ಟು ಪವರ್ ಬೇಕಾಗುತ್ತದೆಯೆಂಬುದನ್ನು ಲೆಕ್ಕ ಹಾಕಿದ್ದೀರಾ ?

* Dr. R. NAGAN GOWDA.—We do not know exactly in terms of I. P. sets and electrification. But our estimate is that till about 1956 we will be able to meet our normal demand.

Sri L. SIDDAPPA.—My question is that people have applied for power. ಅಪ್ಲಿಕೇಷ್ಣ ಕೊಟ್ಟಿರುವಹಾಗೆ ಮಂಜೂರು ಮಾಡದೇ ಯಿರುವುದಕ್ಕೆ ಎಷ್ಟು ಪವರ್ ಬೇಕಾಗುತ್ತದೆ ?

Dr. R. NAGAN GOWDA.—I do not have that figure. I think, we are in a position to give current for those who have applied.

ಶ್ರೀ ಎಲ್. ಸಿದ್ದಪ್ಪ.—ಕಳೆದ 5 ವರ್ಷಗಳಲ್ಲಿ ಪ್ರತಿ ವರ್ಷ ಎಲ್ಲಾ ಕೆಲಸಗಳಿಗೂ ಸೇರಿ ಜನರು ಎಷ್ಟು ಪವರನ್ನು ತೆಗೆದುಕೊಂಡಿದ್ದಾರೆ ? ಅಥವಾ ಕಳೆದ 5 ವರ್ಷಗಳ ಕಾಲದಲ್ಲಿ ವರ್ಷಕ್ಕೆ ಸರಾಸರಿ ಎಷ್ಟು ಖರ್ಚಾಗಿದೆ ?

Dr. R. NAGAN GOWDA.—I would like to have notice about that. But, if the object of the question is to know whether we are in a position to meet the demand, I have said that we will be able to do it till about 1956.

Sri L. SIDDAPPA.—Will Government not be able to develop new sources of power for the next ten years ?

Dr. R. NAGAN GOWDA.—For 3 or 4 years.

Sri L. SIDDAPPA.—So, for another 3 or 4 years, people will have to go without power.

Dr. R. NAGAN GOWDA.—There will be some stagnation after 1956. Since the development of consumption of power has been more rapid than was expected, we are finding it a bit difficult.

Sri L. SIDDAPPA.—Were you not able to see some years ago that there was great demand for power ?

Dr. R. NAGAN GOWDA.—I do not think we were able to see this three years ago. If we had foreseen that, I think, Government would not have offered anything to anybody.

ಶ್ರೀ ಕೆ. ಪುಟ್ಟಸ್ವಾಮಿ.—1952-53 ಮತ್ತು 1953-54ನೆಯ ಇಸವಿಗಳಲ್ಲಿ ಯಾವ ಪವರ್ ಪ್ರಾಜೆಕ್ಟಿನಲ್ಲಿ ಕೆಲಸ ನಡೆಯುತ್ತಿತ್ತು ?

Dr. R. NAGAN GOWDA.—In 1952-53, 1953-54 we were extending the lines and supplying power. If your question is whether we were working any generating stations, I do not think we were doing that.

Sri K. PUTTASWAMY.—Does it mean that they are under contemplation ? May I know since when they are under contemplation of this Government ?

Dr. R. NAGAN GOWDA.—Shimsha has been there for pretty few years. So far as Honnemaradu is concerned, during these one or two years, we have had intensive survey and works carried out so that we may have the blueprints immediately.

ಶ್ರೀ ಕೆ. ಪುಟ್ಟಸ್ವಾಮಿ.—1952-53ರ ರಲ್ಲಿ ಒಂದು ಕೋಟಿ ರೂಪಾಯಿ ಸಾಲ ತೆಗೆದುಕೊಂಡಿರುವುದು ಯಾವ ಪವರ್ ಪ್ರಾಜೆಕ್ಟಿಗೆ ?

Dr. R. NAGAN GOWDA.—I would like to have notice for that.

Sri K. PUTTASWAMY.—If no power project was on hand, how is it that a loan of one crore of rupees was taken ?

Dr. R. NAGAN GOWDA.—We have got two items of work : one is, extension of power for pumping sets and the other is, rural electrification. For irrigation pump sets, we have got loans for distressed areas. But for other electrification, we do not have loans from the Government of India specifically for that. But, part of this is used for electrification.

Sri K. PUTTASWAMY.—Sir, my question is definitely with respect to power projects. Are the Government in the habit of contracting loans for schemes which are not on hand and for schemes which are yet under contemplation ?

Mr. SPEAKER.—It does not arise out of this, Sri Puttaswamy.

Sri K. PUTTASWAMY.—Sir, two schemes, namely, Shimsha and Sharavathi valley are under contemplation. I know Government have taken a loan of 1½ crores for power projects. I am asking whether Government are in the habit of contracting loans for schemes which are under contemplation.

Dr. R. NAGAN GOWDA.—Sir, this 1½ crores of rupees that was taken was for extension of the existing electric power.

Sri A. BHEEMAPPA NAIK.—Was not this loan of 1½ crores asked for for the development of Shimsha Project since there was heavy demand for electricity ?

Sri K. HANUMANTHAIYA.—Yes, Sir.

Sri A. BHEEMAPPA NAIK.—Knowing full well that there was demand for power and when loan was taken and money was available, why did Government not take up that scheme ?

Sri K. HANUMANTHAIYA.—That is the right question. Sir, in fact, Shimsha Power Extension Project has been included in the First Five-Year Plan itself ; therefore, provision was made for the purpose. Subsequently, the Planning Commission went into the whole question and they wanted to take up Honnemaradu Project. It is under their examination whether it would be worthwhile taking up this Project.

Sri A. BHEEMAPPA NAIK.—Did you take the permission of Central Government to utilise this money, which was granted for the Shimsha Extension Project, for works other than that project ?

Sri K. HANUMANTHAIYA.—The question is still under examination. The point of Mysore Government is that not only Honnemaradu but also Shimsha which has been included in the First Five-Year Plan must be taken. The Planning Commission sent three experts the other day and they are discussing the advisability of taking up Honnemaradu and giving up extension of Shimsha for the time being. Therefore, it is still under examination and the three experts discussed this matter threadbare and we placed our point of view before them. They have not yet given us their final point of view.

Sri A. BHEEMAPPA NAIK.—That is why I said that when this is a case of loan that you have contracted from the Central Government, you should not have utilised it for some other purposes. It is not kept for Shimsha or any other scheme. Before utilising that money for other purposes, did you tell the Central Government, "in view of deferring these works, we are using this money for other purposes than development of electricity" ?

Sri K. HANUMANTHAIYA.—No, sir. That is not the way of looking at the question. Separate sums of money will not be kept in the treasury for each head of work. It is a question of budget provision. The amount is met from the Conolidated Funds of the State, which will be in lumpsum. We spend out of it and if we take up the scheme ultimately with the sanction of the Planning Commission, it will also be spent upon.

Sri A. BHEEMAPPA NAIK.—You mean to say that that loan is still available for use ? Is it so ?

Sri K. HANUMANTHAIYA.—Whatever budget provision has been made for a specific purpose, is there for being utilised until the budget is altered next year.

Sri M. PALANIYAPPAN.—How is it that you are not supplying electricity for domestic heating purposes as liberally as you were ?

Dr. R. NAGAN GOWDA.—The reason why we have not been very generously supplying power is that the line from Bhadravati to Bangalore is getting overloaded.

Sri M. PALANIYAPPAN.—What is the number of villages that have been electrified under the rural electrification scheme ?

Dr. R. NAGAN GOWDA—Notice.

Indian Dairy Research Institute (Shifting from Bangalore).

Q.—482. Sri A. V. NARASIMHA REDDY (Bangalore South).—

Will the Government be pleased to state :—

(*a*) whether the question of shifting the Indian Dairy Research Institute from Bangalore is under move by Government of India and whether it has come to the notice of the Government of Mysore ;

(*b*) if so, whether they are aware of the reasons for such a move ;

(*c*) if it is on account of want of adequate lands here to retain, what the Government of Mysore have done to provide lands to them ?

A.—Dr. R. NAGAN GOWDA (Minister for Agriculture).—

(*a*) Yes.

(*b*) For want of adequate lands for the expansion of the activities of the Indian Dairy Research Institute.

(*c*) This question of providing suitable lands is under correspondence with the Government of India.

*ಡಾ॥ ಆರ್. ನಾಗನಗೌಡ.—ಈ ಬಗ್ಗೆ ಇನ್ನೂ correspondence ನಡೆಯುತ್ತಿದೆ.

ಶ್ರೀ ಎ. ವಿ. ನರಸಿಂಹರೆಡ್ಡಿ.—ಜಮೀನು ಕೊಡುವುದಕ್ಕೆ ಒಪ್ಪಿರುತ್ತೀರಾ ?

Department of Co-operation.

Q.—508. Sri B. CHIKKANNA (Javagal).—

Will the Government be pleased to state :—

(*a*) when the Department of Co-operation was started in the State ;

(*b*) whether it has come to their notice that money has been misappropriated in many co-operative institutions due to lack of proper administration in the department ;

(*c*) whether they would consider to appoint an efficient I.A.S. Officer permanently to the post of the Registrar of Co-operrtive Societies ; if so, when ;

(*d*) the number of gazetted posts that are vacant in this department ; since how long they are kept so vacant and the reason for the same ;

(*e*) whether it is a fact that one of the Marketing Officers is working as Personal Assistant to the Registrar of Co-operative Societies ; since how many years the said officer is staying at Bangalore ; when will he be transferred from Bangalore to another place in accordance with the new policy enunciated by them ?

A.—Dr. R. NAGAN GOWDA (Minister for Agriculture).—

(*a*) 1905.

(*b*) Misappropriation cases in some co-operative institutions have come to notice but it cannot be said that these cases are due to lack of proper administration in the Department.

(*c*) Does not arise in view of answer to (*b*) above.

(*d*) There are two gazetted posts to be filled up in the Department. Incharge arrangements have been made, and they are not kept vacant actually.
